Peanut and Tree Nut Policy

To Whom It May Concern:

This is to certify that all products produced by Hilton Soy Foods in our Staffa Ontario plant are produced in a Peanut Free and Tree Nut Free Facility.

All ingredients from our approved suppliers are manufactured in facilities that do not contain any Peanut or Tree Nut products. Each supplier has submitted documentation to Hilton Soy Foods for the products we purchase. Documentation from each supplier is kept on file. However, we do not guarantee any products that may have been contaminated by any of our suppliers prior to entering our facility.

All peanut and tree nut products are banned from our facilities.

Once any product produced by Hilton Soy Foods leaves our facility, we have no control over what happens to the product by external sources. Possible contamination can occur at any point along the supply chain after leaving our facility. This includes during trucking, warehousing, further manufacturing, merchandising at store level as well as in the home environment. Due to the inability to control these external circumstances outside of our facility, we do not guarantee that any packaging is not contaminated after leaving our facility. Once the package has been opened outside of our facility, we do not guarantee any of our products to be Peanut and Tree Nut Free.

Sincerely,

A handwritten signature in black ink that reads "Scott Mahon".

Scott Mahon
